Our Mission

Our mission is to connect different groups to positively address social issues, and support the underprivileged, environment and women through art & craft. We design products, workshops, and events to create work opportunity for those who need to work in a more flexible work arrangement.

We want to weave a Social Fabric that could bind together those who want to give with those in need. Via creative program, we rebuild relationships between people and empower them to contribute to our communities.

SEASON OF LOVE

愛的季節

In this special holiday season, we should cherish loved ones and show them our appreciation. Pause and say you care and smell the holly and all the seasonal flowers. Admire the synchronised dance act of ocean creatures and marvel in the trills, chirps and warbles of some remarkable birds that make Hong Kong a permanent or a migratory home.

With advancing urbanisation and climate change we are often faced with threats to both our flora and fauna. Yet, recent preservation and conservation efforts for our land and sea have contributed to a regeneration of both species and habitat. Biodiversity has increased and our iconic pink dolphins are still seen in the waters off Lantau.

The gifts of nature are bestowed when we succeed as mindful caretakers of our precious environment. Let's enjoy this time with family and friends, share and celebrate in this Holiday Season of Love.

在這溫馨的節日，我們向至愛親朋表達謝意之餘，也不要忘記對身邊美麗的大自然環境表示感恩！如跳動的年青鯨，千嬌百媚的掌那花，都散發着令人舒暢的芬香，在海裏看着海洋生物翩翩起舞，更令人着迷。到清晨，候鳥在樹上唧唧唧發出美妙聲音，如天籟之音，令人陶醉！它們會考慮把香港的臨時居所變成永久的家嗎？

一直以來，隨着氣候變遷和鄉村城市化的推進，很多動植物都面臨生存的威脅。然而，這些土地和海洋在我們悉心照顧和保育下，除了陸地不少現有物種得以重生，海洋生態方面也有所發展，包括我們珍貴的白海豚。

我們相信如果一起愛護生態環境，大自然會回饋我們更多更美好的禮物。希望大家和至愛親朋在這個愛的季節盡情歡樂，好好慶祝！
