相信愛基金的宗旨是扶貧、鼓勵義工服務、促進以藝術作為連繫和表達人與人之間的愛心活動。其中，基金會重點關注社會上弱勢兒童，不論在經濟上、情感上的支持，基金均致力為社會上遭遇不幸童年的孩童提供支持。此外，基金會希望參與服務的義工在務服期間，能反思如何在人生中學習連結、關愛，明白每個人在享有愛與被愛之中，每個人的都是平等無異。

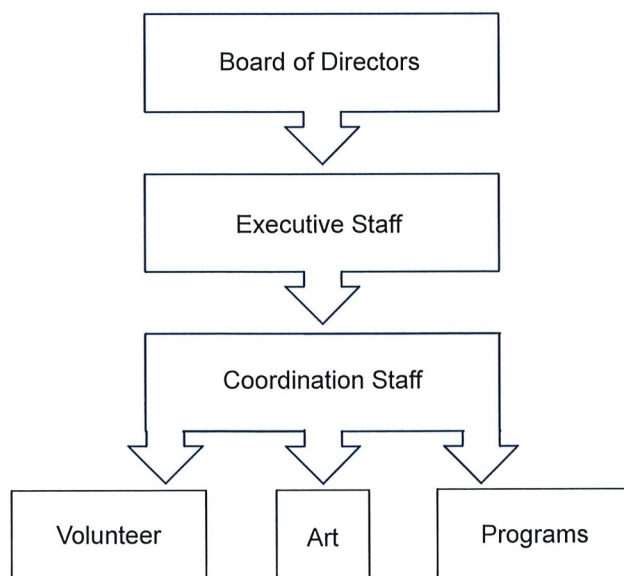

The mission of Faith in Love is to support the alleviation of poverty, encouraging volunteerism, and promote art as a medium of connection and expression. In particular, our foundation focuses on the care of children from socially disadvantaged backgrounds, providing support, both emotionally and financially to youth who have had a rough start in life.

OH English!	Improve the beneficiary English ability and prepare for their future employment. Provide a sense of continuity for the young girls who have spent their lives in an institution.	By inviting educated and diverse volunteers to go to the "Precious Blood Children's Village" to communicate with middle school students in English, and hold regular study tours to ensure that they have sufficient opportunities to learn English. We also pay attention to their living and education. We aim to help them to pursue their dreams in the future. This is a weekly event where 3-5 volunteers will visit and interact with students that spend most of their childhood in an institutional setting	Precious Blood Children's Village	8-12
VoiceOut! App	The VoiceOut! mobile app was produced by "Faith in Love Foundation" on September 2020 to assist victims of discrimination-related cases to take actions, collect data for public policy research, and communicate to the public about diversity and inclusion, with an aim to make Hong Kong an inclusive, harmonious and discrimination-free city.	Faith in Love launched VoiceOut! app that supports the community in combating discrimination. The app provides impartial referrals to qualified professionals to assist Hong Kongers in dispute resolution; alternatively, it provides anonymous information on incidents for policy making and research, allowing users recourse to address online bullying or in person discrimination incidents. The app provides a discrete and safe channel for anyone in Hong Kong who may have fallen victim to discrimination or would like to voice out on someone else's behalf, and feels that they have nowhere else to turn. Based on the feedback collected, we recognise that social distancing measures required by the pandemic have exacerbated mental health issues in the most vulnerable sections of society. The constant fear, anger, and anxiety published by many online news interactions and less face to face communication have decreased empathy, and the illusion of anonymity has fuelled negative behaviour. The VoiceOut! app aims to be a channel to address human connections at a time of deep polarization. There is urgency for a trusted third party to intervene and Everyone N/A find redress for misunderstandings, harassment, and discrimination and provide a platform for reconciliation.	Everyone	N/A
