MESSAGE FROM CHAIRPERSON 主席獻辭

Since its establishment in 1983, **Friends of the Earth (HK)** has proudly stood at the forefront of environmental advocacy in Hong Kong. Our enduring commitment to raising community awareness on pressing issues such as climate change, energy policy, air pollution, waste management, and the development of eco-cities remains steadfast.

This year, we are setting our sights on several strategic priorities that will further enhance our impact and effectiveness. First and foremost, we are dedicated to strengthening knowledge-based advocacy. This approach will ensure that our advocacy is not only impactful but also grounded in the most current and comprehensive understanding of environmental challenges and solutions.

In parallel, we recognise the vital role of our team in driving our mission forward. Hence, we are investing in staff training and development. By equipping our team with necessary skills and knowledge, we aim to enhance our capacity to innovate, advocate, and implement effective environmental strategies. Our goal is to build a robust, knowledgeable team that can make greater impacts in our advocacy and community works.

Corporate governance is another cornerstone of our strategic plan. We are committed to enhancing our governance structures to ensure transparency and accountability. By upholding the highest standards of governance, we aim to build greater trust with our stakeholders and ensure the long-term sustainability of our organisation.

Our advocacy work remains at the heart of what we do. By engaging more deeply with policymakers, businesses, and the community, we aim to influence environmental policies that promote sustainable development and carbon neutrality. We will continue to provide constructive and timely policy recommendations that balance environmental protection with social and economic development.

We believe that green finance remains a pivotal element in driving the transition to a low-carbon economy. Our efforts to popularise green finance through forums, workshops, and ESG education will continue to facilitate sustainable investments and economic transformation.

Looking ahead, **Friends of the Earth (HK)** will intensify its collaboration and exchanges with the mainland to promote green and low-carbon economic transformations. Through collective efforts and cooperation, we can achieve our shared goal of a sustainable future.

In closing, I extend my heartfelt gratitude to our members, supporters, partners, and volunteers. Your unwavering support is the backbone of our success. Look forward to continuing our collaborative efforts to create a healthier, more sustainable future for Hong Kong and beyond.

Mr. Plato Yip
Chairperson, Friends of the Earth (HK)

自 1983 年成立以來，【香港地球之友】一直牽頭帶動香港的環保倡議，致力提高社會大眾對氣候變化、能源政策、空氣污染、廢物管理和生態城市發展等迫切議題的認識。

今年，我們重點推行多項策略性方針，以進一步提升本會的影響力和效能。首先，我們致力鞏固以知識為基礎的倡議，確保我們的倡議不僅具影響力，而且能展現對環境挑戰和解決方案的最新及最全面的理解。

與此同時，本會深明團隊在推動使命中的重要作用。因此，我們持續加大對員工培訓和發展的資源投入，通過為員工裝備必要的技能和知識，提升其在創新、倡議和實施有效環境策略方面的能力。我們的目標是建立一個強大且知識豐富的團隊，務求在倡議和社區工作中發揮更大影響力。

企業管治是本會另一大發展方針。我們致力於加強企業管治架構，以提升透明度和問責程度。通過維持最高的管治標準，我們希望與持份者建立更穩固的信任，促進更長遠的可持續發展。

倡議工作一直是本會的核心方向。通過與政策制定者、企業

和社區緊密合作，我們希望推動可持續發展與及碳中和的環境政策。往後，本會將繼續提供具建設性及適時的政策建議，務求在環保與社會經濟發展之間取得平衡。

我們堅信，綠色金融是推動低碳經濟轉型的關鍵。我們致力於全方位普及綠色金融，透過舉辦論壇、研討會和推廣 ESG 教育，促進可持續投資和經濟轉型。

展望未來，【香港地球之友】將加強與內地的合作與交流，推動綠色低碳經濟轉型。通過共同努力和合作，我們定能實現可持續發展的共同目標。

最後，我希望向會員、支持者、合作夥伴和義工表示由衷的感謝。你們堅定不移的支持，是我們成功的基石。願我們繼續攜手努力，為香港、為大家創造一個更健康、更可持續發展的未來。

葉廣濤先生
香港地球之友主席

MESSAGE FROM CEO 行政總裁獻辭

2023 is a special year for **Friends of the Earth (HK)** as we celebrate our 40th anniversary. Unfortunately, it also marks the warmest year on record, with our city experiencing the most severe black rainstorm in history. While Hong Kong speaks about climate change, there remains a considerable gap in its actions. The **Friends of the Earth (HK)** team will continue to help transform Hong Kong into a sustainable and liveable world-class city through advocacy, education, and outreach.

In particular, I am happy to announce our accreditation as an observer to the United Nations Environment Programme and its governing bodies. This status will enable us to engage with regional and global stakeholders more effectively and enhance our ability to advocate at the local community level.

The Policy Research and Advocacy Team continues to engage with the government, providing environmental recommendations. This year, in collaboration with the Financial Services Development Council, we co-hosted the annual Earth Forum, focusing on how Hong Kong can leverage fintech to support ESG and how it can be used to examine ESG data.

Tree Planting Challenge remains a mainstay of our key projects. The Business Engagement Team organised several tree planting and tree caring events with the help of our sponsors, arborists, and volunteers. Over 3,100 native trees were planted at Tai Lam Country Park.

Driving environmental and sustainable development education is important to us. This year, the Community

Engagement Team organised "Friends of the Earth (HK) Sustainability Talks and Workshops", aiming to cultivate environmental literacy among youth and the general public. The team also regularly organises clothing drives to give new life to clothes.

Thanks to the Green Finance Team, the EFFAS Certified ESG Analyst (CESGA) programme grows strongly in Hong Kong. Achieving the milestone of having over 1,300 CESGA holders in Hong Kong, the programme has been recognised under the Enhanced Competency Framework for Banking Practitioners - Green and Sustainable Finance. The team is also collaborating with universities to inspire potential green finance talents.

On behalf of **Friends of the Earth (HK)**, I express our deepest gratitude for the guidance, support and involvement of our Board Governors, Advisors, Partners, Donors, Members and Volunteers. As we celebrate our 40th anniversary, we are determined to build upon our legacy, forging ahead with resolve to create a healthy and sustainable environment for all.

Dr. Jeffrey Hung
CEO, Friends of the Earth (HK)

2023 年對【香港地球之友】來說別具意義，因為我們迎來了 40 周年誌慶。然而，這一年也是有記錄以來最熱的一年，本港更經歷了史上最嚴重的黑色暴雨。儘管香港政府不斷談及氣候變化問題，但其實際行動與目標仍有很大差距。往後，【香港地球之友】將會繼續全力以赴，透過政策倡議、教育和外展活動，助力香港轉型為可持續發展和宜居的世界級城市。

是年，【香港地球之友】獲認可為聯合國環境規劃署及其理事機構的觀察員，對此我們深感榮幸。這一身份有助深化本會與區域及國際持份者的聯繫，同時提升我們在本地社區層面的倡議成效。

政策研究及倡議團隊與政府持續緊密溝通，為各項環保議題出謀獻策。今年，我們與香港金融發展局合辦了一年一度的地球日論壇，重點探討香港如何利用金融科技推動 ESG，並進行 ESG 數據審查。

《酷森林》是本會的重點項目之一。在一眾企業贊助商、樹藝師和義工的鼎力支持下，企業拓展團隊順利舉辦了多次植樹和護樹活動，在大欖郊野公園種植了超過 3,100 棵本地原生樹苗。

本會非常重視推動環保及可持續發展教育。社區拓展團隊於本年度舉辦了多場「香港地球之友可持續發展講座及工作

坊」，以提升年青一代及廣大市民的環保素養。團隊亦定期舉辦舊衣捐贈活動，賦予衣物新生命。

在綠色金融團隊的努力推動下，由歐洲金融分析師聯合會 (EFFAS) 認證的環境、社會及管治分析師認證課程 (CESGA) 在香港取得了良好發展。目前，香港已有超過 1,300 位成功考獲 CESGA 的人士，課程更獲得「銀行專業資歷架構—綠色和可持續金融」的認可。團隊亦與各大學緊密合作，培育具潛力的綠色金融人才。

我謹代表【香港地球之友】全體成員，向各位董事會成員、顧問、合作夥伴、捐助者、會員和義工的持續指導、支持和參與，表示衷心感謝。踏入 40 周年，【香港地球之友】定必繼續秉承信念，繼往開來，為締造一個健康及可持續發展的環境而努力。

洪藹誠博士
香港地球之友行政總裁

Celebrating the 40th Anniversary - Striving Towards a Sustainable Future 慶祝 40 周年誌慶 邁步可持續未來

Friends of the Earth (HK) is proud to commemorate its 40th anniversary as a leading environmental advocate and sustainability trailblazer in Hong Kong. Over the past four decades, we have remained steadfast in our commitment to promoting climate resilience, carbon neutrality, livability, green economy, and sustainable finance across Hong Kong.

To celebrate this milestone, we organised a year-long campaign featuring a diverse array of events that provided opportunities for our esteemed stakeholders and supporters from the government, corporate, and community sectors to actively participate. We are deeply grateful for their unwavering commitment and collaboration, which have been instrumental in propelling our mission forward. Let's join hands to build a more sustainable future!

2023 年是【香港地球之友】的四十周年誌慶。作為香港主要的環保團體及推動可持續發展的先驅，我們四十年以來一直堅定不移，致力推動香港在氣候適應力、碳中和、宜居生活、綠色經濟和可持續金融等方面的發展。

為慶祝這個重大里程碑，我們全年籌劃了一連串豐富多樣的活動，讓來自政府、企業和社區的持份者和支持者積極參與。衷心感謝各方各界的鼎力支持及協作，為我們日後發展打下更堅實的基礎。願我們攜手並肩，共建更可持續的未來！

Earth Forum 2023 地球日論壇 2023

In celebration of Earth Day and our 40th anniversary, **Friends of the Earth (HK)** join hands with the Financial Services Development Council to co-host the annual Earth Forum, on the theme of "Empowering Sustainable Finance: Leverage fintech to Examine ESG and Combat Greenwashing". The forum was privileged to have Mr. Joseph Chan, JP, Under Secretary for the Financial Services and the Treasury, as the keynote speaker, as well as Mr. Erik Solheim, Former Executive Director of UN Environment Programme and Chairman of Treelion International Advisory Committee as the guest of honour. The forum looked at how Hong Kong can leverage fintech to support ESG and examine ESG data. The panel discussions enabled participants to understand how Hong Kong can embrace fintech to solidify its position as the leading international green finance centre.

為慶祝地球日及本會成立 40 周年，【香港地球之友】聯同香港金融發展局合辦「地球日論壇 2023」，並以「賦能可持續金融：利用金融科技審視 ESG 和打擊漂綠」為主題。大會有幸邀請到財經事務及庫務局副局長陳浩濂先生，JP 作主講人，而聯合國環境規劃署前執行主任及 Treelion 國際諮詢委員會主席埃裏克·索爾海姆 (Mr. Erik Solheim) 為論壇的主禮嘉賓。是次論壇就香港如何利用金融科技支持 ESG 及審查 ESG 數據作討論，讓與會者了解香港如何藉此鞏固其國際綠色金融中心的領導地位。

40th Anniversary Highlights 四十周年精彩回顧

40th Anniversary Webpage and Video Series 40周年紀念專題網頁及影片特輯

To celebrate this meaningful milestone, **Friends of the Earth (HK)** launched the 40th Anniversary webpage and published posts on social media platforms during the year, looking back on our important developments in environmental protection over the years through rare historical photos. Our Chairperson, Mr. Yip Kwong-to, even took part in the filming of a short video series, in which he shared with public his unforgettable stories and moments working in environmental protection.

為慶祝這個別具意義的里程碑，【香港地球之友】特意推出40周年紀念專題網頁，年內亦在社交平台發佈多個貼文，透過昔日珍貴相片回顧本會歷年於環保路上的重要發展；本會主席葉廣濤先生更親身參與拍攝短片特輯，以現身說法方式，向大眾分享其多年來投身環保的難忘趣事與工作點滴。

Kubuqi Desert Study Trip 庫布其沙漠考察

The Kubuqi Desert is the seventh largest desert in China and the closest to Beijing. After years of desert management, its ecological environment has been greatly improved, the impact of sandstorms has also been reduced. In May 2023, **Friends of the Earth (HK)** organised a study tour to Kubuqi to exchange views with locals and learn more about desert management in Kubuqi. The delegation also visited the photovoltaic sand control base, allowing us to witness the positive outcome of "desert greening" and gain a deeper understanding of sand control projects.

「庫布其沙漠」是中國第七大沙漠，亦是距離北京最近的沙漠。經過多年的沙漠治理工程後，其生態環境有了重大改善，並大大減少市內受風沙影響的機會。【香港地球之友】於2023年5月亦組團前往庫布其考察，與當地技術人員進行交流，深入了解庫布其地區的治沙經驗。考察團更參觀了浩瀚宏大的光伏治沙基地，讓眾人親身見證「沙漠綠化」的成果，同時對治沙工程有了更深刻的了解與體會。

40th Anniversary Highlights 四十周年精彩回顧

FoE (HK) x FSDC: COP28 China Pavilion Side Event 香港地球之友 x 香港金融發展局 COP28 中國角邊會論壇

With Hong Kong's vision of establishing itself as a leading centre for green and sustainable finance, **Friends of the Earth (HK)** and the Financial Services Development Council co-hosted an event in the China Pavilion titled "Hong Kong's Drive Towards Green and Sustainable Development and Cutting-Edge Innovations" on 6 December 2023 at the COP 28.

At the event, we jointly released the report "China's Pragmatic Actions to Address Global Climate Change" with the Chinese Research Academy of Environmental Sciences and Institute of Public and Environmental Affairs. The report systematically takes stock of ten major actions taken by China in response to climate change, showcasing China's progress in fulfilling the "Double Carbon" commitment, as well as bringing together the best decarbonisation practices.

【香港地球之友】及香港金融發展局於2023年12月6日在第28次《聯合國氣候變化框架公約》締約方大會(COP 28)「中國角」場內合辦題為「中國香港：推動綠色金融創新、實踐可持續發展」的邊會論壇，以實踐香港成為領先的綠色和可持續金融中心之願景。

會上，本會更與中國環境科學研究院、公眾環境研究中心聯合發布了《應對全球氣候變化的中國務實行動》報告，系統梳理了中國在應對氣候變化的十個務實行動，對外展示中國落實「雙碳」承諾的進展，整合減碳最佳實踐方案。

Friends of the Earth (HK) Becomes the First Green Group Honoured at the "Directors Of The Year Awards" 香港地球之友本港首間環保團體獲頒「年度傑出董事獎」

Friends of the Earth (HK) was honoured the "Directors of the Year Awards 2023 for Statutory/Non-profit-distributing Organisations/Boards", and "Special Recognition of Excellence in Board Diversity", championed by The Hong Kong Institute of Directors. This honour showcased our leading governance structure, acknowledging our efforts and contributions in various areas, particularly environmental conservation, policy advocacy, and green finance.

【香港地球之友】獲香港董事學會頒發「傑出董事獎2023（「法定／非分配利潤組織／董事會」類別）」及「董事會多元化卓越嘉許獎」兩大獎項，成為香港首個環保團體獲頒此殊榮。獲頒殊榮足證機構的管治架構領先同業，也充分肯定了我們在各個範疇的努力和貢獻，特別是環境保育、政策倡議及綠色金融方面。

40th Anniversary Highlights 四十周年精彩回顧

40th Anniversary Celebration Reception 香港地球之友 40 周年誌慶晚會

As a grand finale, the 40th Anniversary Celebration Reception was successfully held on December 18, 2023, attended by prominent guests from various industries. The event emphasised our dedication to environmental advocacy and sustainability. Special thanks were extended to Mr. C.W Tse, BBS, JP, Secretary for Environment and Ecology; Ms. Salina Yan, JP, Permanent Secretary for Financial Services and the Treasury (Financial Services); and Mr. Daniel R Fung, SBS, JP, Vice-Chairman of the Financial Services Development Council, for their support.

作為壓軸項目，40 周年誌慶晚會於 2023 年 12 月 18 日圓滿舉行，邀得各界出席一同見證本會歷年在環保和可持續發展工作上的重大貢獻與成果。特別鳴謝環境及生態局局長謝展寰先生，BBS, JP、財經事務及庫務局常任秘書長（財經事務）甄美薇女士，JP；以及香港金融發展局副主席馮華健先生 SBS, JP 親臨會場支持。

Mr. Plato Yip
葉廣濤先生

Mr. Zhenhua Xie, Former Special Envoy on Climate Change of China, delivered a congratulatory message via video as a gesture of support, commending our remarkable efforts in environmental protection in Hong Kong and China over the years. Xie also encouraged us to carry forward our fine tradition and make greater contribution to green and low-carbon transformation, as well as ecological civilisation construction.

前中國氣候變化事務特使解振華先生更透過影片致賀，肯定及表揚【香港地球之友】多年來為中港兩地環保作出的貢獻，同時勉勵我們繼往開來，為推進經濟社會綠色低碳轉型和生態文明建設出一分力。

Friends of the Earth (HK) comment on the Optimisation of the Environmental Impact Assessment Ordinance Process
香港地球之友對優化《環境影響評估條例》程序的回應

On the Environment and Ecology Bureau's review of the Environmental Impact Assessment (EIA) ordinance process, **Friends of the Earth (HK)** stresses that the government must not skip on the process and turn it into a mere rubber stamp. 環境及生態局檢討了《環境影響評估條例》的程序。【香港地球之友】強調，政府不能簡化程序，讓其淪為橡皮圖章。

- 01** The government should strengthen the oversight function of the Advisory Council on the Environment and reserve funds for the council to hire an independent consulting firm to evaluate EIA reports.
政府應加強環境諮詢委員會的監督職能，預留資源予環咨會聘請獨立的顧問公司評估環評報告。
- 02** The government should facilitate inter-departmental information exchange. Environmental information should be stored systematically using big data and innovative technology.
政府應促進跨部門的資訊交流，並利用大數據及創新科技將環境相關資訊有系統地整合。
- 03** The government's claim that small projects have inconsequential impact ignores that environmental standards should improve over time with standards of living rather than remaining stagnant.
政府認為小型工程項目對環境影響微不足道。然而環境標準應隨生活水平提高與時並進，不可停滯不前。
- 04** With the threat of climate change, climate considerations should be integrated into more policies.
氣候變化日趨嚴峻，政府必須將氣候因素納入更多的政策中。

Friends of the Earth (HK) Response to the 2023-24 Budget
香港地球之友回應 2023-24 年度財政預算案

The Financial Secretary announced the 2023-24 Budget in February 2023. **Friends of the Earth (HK)** urged the government to help Hong Kong transition towards a greener and more sustainable economy by:

- Scaling up investment in renewable energy production and import;
- Subsidising demand side energy efficiency measures;
- Improving resilience against coastal flooding and storm surges;
- Implementing carbon pricing to internalise the cost of carbon emission;
- Implementing electronic road pricing and other transport measures;
- Accelerating the greening of public transport and commercial vehicles;
- Developing a pedestrian and cycling-friendly city;
- Supporting a circular economy;
- Expanding the scope of producer responsibility to cover more products;
- Enhancing urban forests and trees;
- Investing into building up the digital infrastructure to become a smart city;
- Allocating resources for education for sustainable development;
- Expanding board oversight of ESG and climate-related financial risks.

財政司司長於 2 月公布 2023-24 年度財政預算案。
【香港地球之友】敦促政府助力本港轉型至更環保和可持續的經濟發展模式：

- 加大投資於可再生能源生產及輸入；
- 實施改善需求側能源效率的措施；
- 加強抵禦沿海洪水和風暴潮的能力；
- 實施碳定價，令污染者承擔其碳排放成本；
- 實施電子道路收費及其他運輸政策；
- 加快綠化公共和商業車輛；
- 打造一個行人和單車友善的城市；
- 支持循環經濟的發展；
- 擴大生產者責任範圍，涵蓋更多產品；
- 優化城市森林和樹木；
- 投資建設數碼基礎設施，建設智慧城市；
- 提供資源推行可持續發展教育；
- 完善董事會對 ESG 和氣候相關金融風險的監督。

Friends of the Earth (HK) Response to the 2023 Policy Address 香港地球之友回應 2023 施政報告

For full submission, please visit:
完整意見書，請參閱：
[按此了解更多 Read more](#)

The chief executive announced the "2023 Policy Address" in October 2023. **Friends of the Earth (HK)** welcomed the proposed Strategy of Hydrogen Development in Hong Kong and a citywide green transformation roadmap and timetable for public buses and taxis. Still, climate change continues to be the most pressing issue threatening Hong Kong. **Friends of the Earth (HK)** strongly urged the government to adopt the following recommendations:

行政長官於 10 月發表《2023 年施政報告》。【香港地球之友】歡迎政府擬議的《香港氫能發展策略》及全港公共巴士和的士的綠色轉型路線圖和時間表。然而，氣候變化是影響香港最迫切的問題。【香港地球之友】強烈敦促政府採納以下建議：

Climate Change 氣候變化

- Increase renewable energy in the energy mix 增加可再生能源在能源結構中的比例
- Reduce building electricity demand 減少建築物的電力需求
- Lead the green aviation sector transformation 引領綠色航空業轉型
- Price carbon emissions appropriately 落實碳定價
- Protect citizens with climate adaptation 加強氣候變化適應力，保護市民
- Establish a climate change authority 設立氣候變化管理部門

Air Quality 空氣質素

- Strengthen the Air Quality Objectives 收緊空氣質素指標
- Decarbonise the transport network 建立零碳交通網絡
- Become a more pedestrian-friendly city 打造行人友善城市

Circular Economy 循環經濟

- Ensure successful rollout for waste charging 確保廢物徵費如期實施
- Expand coverage of producer responsibility 擴大生產者責任制的覆蓋範圍
- Encourage green procurement 鼓勵綠色採購

Sustainable Development 可持續發展

- Enhance urban trees and forests 優化城市樹木和森林
- Support the green industry and green jobs 支持綠色產業和綠色就業
- Become a sustainable, smart city 成為可持續發展的智慧城市
- Enable sustainable consumption and green behaviours 促進可持續消費和綠色行為
- Foster local and regional collaboration 促進本地和區域合作

Green Finance 綠色金融

- Boost market liquidity and returns via ESG and green finance 善用 ESG 和綠色金融，提高市場流動性和回報
- Speed up the transformation to a regional carbon trading centre 加快轉型至區域碳交易中心
- Ensure the efficacy and success of green talent programmes 確保綠色人才計劃的成效
- Foster the growth of the green collar workforce in APAC 促進亞太地區的綠領勞動力增長

Friends of the Earth (HK) responds to the controversy surrounding Japan's discharge of nuclear wastewater into the sea 香港地球之友回應日本排放核污水入海爭議

Tokyo Electric Power Company recently began to discharge diluted radioactive wastewater into the ocean. **Friends of the Earth (HK)** strongly opposes the decision to discharge wastewater into the ocean over the serious impact it may have on marine ecology and human health.

- Japan cannot guarantee that the technology for treating nuclear wastewater is fully mature, so the wastewater may still contain radioactive elements other than tritium.
- The radioactive elements will be transferred along the food chain to higher-level organisms, ultimately affecting the ecological environment and human health.
- The discharge of wastewater may cause irreparable harm to the marine environment and public health.
- If ocean currents accumulates wastewater in one place, it will form an area with high levels of radioactive substances, causing incalculable harm to marine life and ecosystems.

日本東京電力公司日前準備排放經稀釋的核污水到公海。【香港地球之友】強烈反對將核污水排放入海，此舉對海洋生態及人類健康造成嚴重影響。

- 日本難以保證處理核污水的技術完全成熟，因此污水有可能仍含有氚以外的放射性元素。
- 放射性元素會隨著食物鏈傳遞到其他較高層的生物，最終影響生態環境和人類的健康。
- 排放污水可能對海洋環境及公眾健康造成無法彌補的傷害。
- 如果污水隨洋流聚集在一個水域，就會形成放射性物質含量高的區域，對海洋生物和生態系統造成難以量化的傷害。

香港地球之友回應 日本排放核污水入海爭議

Friends of the Earth (HK) Comment on New Energy Transport Promotion 香港地球之友回應推廣採用新能源運輸

In November 2022, the government outlined its strategy towards zero vehicular emissions before 2050. **Friends of the Earth (HK)** urges the government should set more concrete interim targets to phase out fossil fuel vehicles; implement producer responsibility and establish a circular economy for EV batteries; collaborate with the Greater Bay Area on technological development and training; and promote more sustainable transport models.

2022年11月，政府概述了本港於2050年之前實現車輛零排放的策略。【香港地球之友】建議政府應制定更具體的中期目標，逐步淘汰化石燃料汽車；落實生產者責任制，為電動車電池建立循環經濟體系；加強與大灣區於技術開發和人才培訓方面的合作；及促進更可持續的交通模式。

Friends of the Earth (HK) submission for the development and future planning of the harbourfront, and the uses and management of harbourfront sites 香港地球之友就「海濱的發展和未來規劃及海濱場地的用途和管理」之建議書

香港地球之友就「海濱的發展和未來規劃及海濱場地的用途和管理」之建議書

Harbourfront areas are important for their economic, tourism, cultural, and environmental contributions. **Friends of the Earth (HK)** recommended establishing a continuous green corridor; incorporating ecological design principles; creating pedestrian promenades; incorporating climate adaptation strategies and renewable energy; promoting a zero waste environment; and establishing waterfront parks and recreational facilities that cater to diverse interests and age groups.

海濱對經濟、旅遊、文化及環境有重要的貢獻。【香港地球之友】期望就促進海濱的發展及未來規劃建議海濱一帶建設連貫的綠化走廊、納入生態原則設計、興建設計海濱行人道、納入氣候適應策略和可再生能源、促進沒有垃圾的環境及建立海濱公園及娛樂設施，以滿足不同興趣和年齡群體的需要。

Friends of the Earth (HK) comment on the Municipal Solid Waste Charging Postponement 香港地球之友回應延期實施都市固體廢物收費

In July 2023, the Environment and Ecology Bureau proposed to postpone the municipal solid waste charging scheme to April 2024.

Friends of the Earth (HK) reiterates our hope for waste charging to be implemented as soon as possible to tackle Hong Kong's long-standing waste issue. We urged the government to build sufficient recycling infrastructure; expand domestic food waste collection across the 18 districts; allocate more resources in publicity and public education; and encourage community-wide monitoring to penalise offenders.

在2023年7月，環境及生態局建議推遲都市固體廢物收費的實施日期至2024年4月。

【香港地球之友】重申，我們希望都市固體廢物收費盡快落實，以解決困擾香港已久的廢物問題。我們敦促政府建設充足的回收設施；在全港十八區擴展家居廚餘收集；就宣傳和公眾教育投放更多資源；及鼓勵全民監察，嚴懲違法人士。

Friends of the Earth (HK) comment on the Interim Review of the Scheme of Control Agreements 香港地球之友回應《管制計劃協議》中期檢討

The Legislative Council's Panel on Environmental Affairs conducted an interim review of the Scheme of Control Agreements with the two power companies in May 2023. **Friends of the Earth (HK)** stressed the urgent need for the city to decarbonise its power grid. The two power companies should bear part of the rising fossil fuel prices owing to their slow pace of transition. Hong Kong has to increase the share of renewables in the energy mix at a much greater scale and faster pace, while reducing energy demand through higher efficiency and more sustainable consumption behaviours.

立法會環境事務委員會於2023年5月就與兩間電力公司簽訂的《管制計劃協議》進行中期檢討。【香港地球之友】強調，香港有迫切需要將電網深度減碳，積極以更大規模、更快步伐提高可再生能源於能源結構中的佔比。

Friends of the Earth (HK) call for urgent climate action plan 香港地球之友呼籲緊急氣候行動方案

In September 2023, the remnants of Typhoon Haikui brought heavy rainfall to Hong Kong, turning the city into a sea. To effectively mitigate and adapt to climate change, **Friends of the Earth (HK)** urged the government to strengthen its resolve in tackling climate change to avoid climate disasters.

Climate Adaptation Measures:

- Conduct a comprehensive climate risk assessment and strengthen Hong Kong's climate resilience against extreme weather
- Enhance the Observatory's early warning system to better prepare the public against extreme weather

Climate Mitigation Measures:

- Rapidly phase out fossil fuels and develop renewable energy in cooperation with the Greater Bay Area
- Speed up the electrification of commercial and public transportation systems
- Price carbon to align with the polluter pays principle and incentivise climate actions

2023年9月，香港受颱風「海葵」外圍的殘餘環流影響，帶來了強烈暴雨。多區出現嚴重水浸，城市一夜間變汪洋。為了有效減緩和適應氣候變化，【香港地球之友】敦促政府必須加強應對氣候變化的決心，以避免氣候災難的發生。

氣候適應措施：

- 香港必須進行全面的氣候風險評估及增強應對極端天氣的能力
- 加強天文台的預警系統，以便大眾就極端天氣提前做好準備

氣候緩減措施：

- 加快淘汰化石燃料，並與大灣區合作，開發區內豐富的可再生能源資源
- 加快商業車輛和公共交通系統電動化
- 落實碳定價以符合「污者自付」的原則，並推動各界採用低碳方案

Earth Chat 地球共鳴

Friends of the Earth (HK) launched the “Earth Chat” in 2020, in celebration of April 22, Earth Day. It is a platform where experts, academics and our staff members contribute regularly, sharing their knowledge and insights on all things related to the environment and sustainability. Last year, over 50 articles have been published, touching on a wide variety of timely subjects such as climate actions, waste management, transportation policy, corporate social responsibility, sustainable consumption, and more.

為慶祝4月22日世界地球日，本會於2020年推出了「地球共鳴」平台。學者、專家及本會同事會定期於平台上發表文章，分享他們對環境及可持續發展相關的知識和見解。「地球共鳴」去年合共發表超過50篇文章，內容涵蓋氣候行動、廢物管理、交通政策、企業社會責任、可持續消費等各種主題。

GREEN FINANCE 綠色金融

As Environmental, Social, and Governance (ESG) investing continues to gain momentum globally, green finance and ESG performance are now core elements of investment strategy. Hence, **Friends of the Earth (HK)** remains committed to fostering green finance and sustainable finance practices.

Throughout 2022-23, we have organised professional training courses, forum discussions and professional networking events to raise awareness and build capacity among corporates, investors, and the wider community on ESG implementation, green financing, and sustainable investment strategies. By facilitating knowledge-sharing and collaboration across different market segments, we aim to drive meaningful progress towards a more sustainable and resilient financial system that supports the transition to a low-carbon economy.

隨著環境、社會和管治 (ESG) 投資在全球持續增長，綠色金融及 ESG 表現已成為投資者投資戰略的核心要素之一。因此，【香港地球之友】致力於促進綠色金融和可持續金融實踐。

在 2022-23 年期間，我們透過舉辦專業培訓課程、論壇會議和專才交流活動，致力提升商界、投資者和更廣泛社會對實施 ESG、綠色金融和可持續投資策略的認知和能力。通過促進不同市場領域之間的知識共享和協作，我們致力推動金融體系朝著更加可持續和更具韌性的方向轉型，支持低碳經濟的轉型。

Continue to co-organise the Internationally Recognised ESG Analyst Programme 持續推廣國際認可的 ESG 分析師認證課程

As the local partner appointed by the European Federation of Financial Analysts Societies (EFFAS), **Friends of the Earth (HK)** continues to manage the Certified ESG Analyst (CESGA) programme in Hong Kong, which aims to promote ESG knowledge and the importance of ESG issues in investment processes. The programme is targeted towards investors, analysts, corporate management personnel and other specialists interested in integrating ESG considerations into their businesses. Upon completing the programme, participants can obtain a professional certification that supports the development of ESG expertise.

The Asia-Pacific region is one of the fastest growing regions for CESGA exam registrations. Since its introduction to Hong Kong, the CESGA programme has witnessed a significant increase in the number of applicants in Hong Kong. This year, we are pleased to announce a significant accomplishment of having over 1,000 CESGA Holders in Hong Kong, which is a significant milestone for the CESGA programme.

作為歐洲金融分析師協會聯合會 (EFFAS) 的合作夥伴，【香港地球之友】於本年度繼續協助 EFFAS 管理香港區的環境、社會及管治分析師認證 (CESGA) 課程，推廣 ESG 知識分享及 ESG 在投資流程中的重要性。該課程適合有興趣將 ESG 考量融入其業務的投資者、分析師、企業管理人員和其他專業人士。完成課程後，參加者可以獲頒發 ESG 分析師的專業認證資格，成為國際認可 ESG 分析師。

亞太地區是 CESGA 考試註冊人數增長最快的地區之一。自 CESGA 課程引進香港以來，香港區的申請人數大幅增加。我們很高興地宣布，今年香港區已擁有超過 1,000 名 CESGA 持有者，這對於 CESGA 課程來說是一個重要的里程碑。

Friends of the Earth (HK) also had the privilege of obtaining corporate sponsors and establishing the ESG scholarship this year. The aim is to encourage young individuals to pursue careers in sustainable finance and promote ESG development in the region. Following the selection process by a judging panel, two winners were awarded a scholarship of HKD 10,000 this year, which covered a portion of the fees for the CESGA course and examination.

今年，【香港地球之友】有幸獲得企業贊助，並於本年度設立 ESG 獎學金，鼓勵年輕人投身永續金融事業，推動本港以至內地的 ESG 發展。經過評審團的甄選，共兩名得獎者各獲頒發港幣一萬元獎學金，用以支付 CESGA 課程和考試的部份費用。

Furthermore, the EFFAS CESGA programme has been recognised by the Enhanced Competency Framework for Banking Practitioners - Green and Sustainable Finance (ECF-GSF) initiated by the Hong Kong Monetary Authority. Starting from August 2023, eligible candidates can apply for an exemption from Module 1 of the ECF-GSF Core Level training programme upon completing the CESGA programme

另外，自 2023 年 8 月起，課程亦得到香港金融管理局的銀行專業資歷架構—綠色和可持續金融認可 (ECF-GSF)，合資格申請者可在完成 CESGA 課程後，申請豁免修讀綠色和可持續金融單元一之課程。

ESG Executive Certificate Course 綠色金融及 ESG 投資分析行政文憑課程

本課程為「綠色和可持續金融培訓先導計劃」合資格培訓及資歷之一
培訓及資歷識別碼：**GTP-691229**
(<https://www.greentalent.org.hk>)

This year, **Friends of the Earth (HK)** continues to host the Executive Certificate in ESG Analysis & Green Finance Valuation Programme in February and August. Our course is designed specifically for professionals currently working or aspiring to pursue a career in the financial services sector or ESG field. This course aims to equip participants with up-to-date information on ESG investment and a comprehensive understanding of the international ESG reporting framework. By doing so, we aim to empower participants to effectively assess associated risks and make informed decisions in their professional roles. We were honoured to invite distinguished panel of industry veterans to serve as guest speakers for these courses, sharing their valuable insights on various topics and providing the latest insights into industry trends.

【香港地球之友】繼續於本年度開辦綠色金融及 ESG 投資分析行政文憑課程，分別於 2 月及 8 月開課。課程專為目前在金融服務業、ESG 行業工作或有志於從事有關職業的人士而設。本課程旨在讓學員了解 ESG 投資的最新發展，並全面了解國際 ESG 報告框架，進而能夠有效評估 ESG 相關風險，並在其專業角色中作出明智的決策。我們很榮幸邀請到傑出的業界資深人士作為課程的客席講師，分享他們對各個主題的寶貴見解，並分享行業趨勢的最新發展。

Co-organise Green Finance Sharing Sessions with Tertiary Institutions 與大專院校合辦舉行綠色金融分享會

Friends of the Earth (HK) organised ESG and green finance sharing sessions separately with The Hong Kong University of Science and Technology, The Hong Kong Polytechnic University and The Education University of Hong Kong. Inside the sharing session, we have shared the latest developments in ESG in Hong Kong, data integration insights, ESG-related certification courses, green career opportunities and latest trends in the green finance industry to students. **Friends of the Earth (HK)** hope to inspire and cultivate green finance talents and promote the development of sustainable finance through organising these sharing sessions with tertiary institutions.

本年度【香港地球之友】分別與香港科技大學、香港理工大學和香港教育大學幾間本地大專院校舉辦了多場 ESG 和綠色金融分享會，與學生分享香港 ESG 的最新發展、數據整合見解、介紹與 ESG 相關的認證課程，並探討投身於綠色金融行業的機遇和最新趨勢。本會希望透過與大專院校舉辦分享會，啟發及培育綠色金融人才，推動可持續金融的發展。

**Asia CESGA Alumni Master Class
亞洲 CESGA 校友大師課程**

In order to offer CESGA alumni a deeper insight into the real-world implementation of ESG strategies in business scenarios and to promote industry growth through the exchange of professional knowledge, **Friends of the Earth (HK)** were delighted to invite Dr. Roman Novozhilov, Head of ESG at the New Development Bank, to share his valuable perspectives on putting ESG into practice by achieving impacts with ESG investing at a multilateral development bank during the Master Class event. This unique opportunity allowed CESGA alumni to gain valuable insights into the intricacies of implementing ESG strategies in real-world business contexts, enabling them to navigate the complexities and challenges of the industry with greater confidence and proficiency.

為了讓 CESGA 校友更了解 ESG 在商業案例中的實際應用，並透過專業知識交流來促進行業發展，本會很高興邀請到新開發銀行 ESG 負責人 Dr. Roman Novozhilov 舉辦大師班，並分享了他關於多邊開發銀行透過 ESG 投資實現影響力的寶貴觀點。透過這個獨特機會，讓 CESGA 校友能夠深入了解在現實商業環境中實施 ESG 策略的複雜性，使他們能夠以更大的信心和熟練程度應對行業的複雜性和挑戰。

**ReThink HK 2023
ReThink HK 2023**

Friends of the Earth (HK) successfully participated in the sustainable development event, ReThink HK 2023, on 14-15 September. The event provided us with a collaborative platform to showcase our mission and connect with different sustainability professionals and parties, raising public awareness of sustainability, conservation and the environment protection, leaving a lasting impact and inspiring positive change for a sustainable future. Our booth received a lot of attention, with visitors from different industries expressing deep interest in our green finance courses, such as the Certified ESG Analyst (CESGA) Programme and ESG Executive Certificate Course.

We also had the pleasure of hosting a panel discussion on “Financing Biodiversity: The Next Frontier for Private Sector Leadership”. The discussion brought together biodiversity experts to share their knowledge and experience on pressing environmental issues.

【香港地球之友】 參與了可持續發展活動— ReThink HK 2023。該活動於 9 月 14 日至 15 日成功舉辦，提供了一個合作平台來展示我們的使命，並與不同的可持續發展專業人士和各方聯繫，提高公眾對可持續發展、保育和環境保護的認識，留下了持久的影響並激發了可持續未來的積極變革。我們的展位受到了廣泛關注，來自不同行業的參觀者對我們的綠色金融課程，如 EFFAS CESGA (ESG 分析師) 認證課程和 ESG 行政文憑課程等表示深感興趣。

我們也有幸主持了一場學術研討會，主題為「生物多樣性融資：私營部門領導力的下一個前沿」。是次討論聚集了資深的生物多樣性專家，他們在各種迫切環境問題上分享了自己的知識和經驗。

我們的亞太地區 ESG 人才培育圓桌系列活動於2021年啟動。今年我們聽到愈來愈多人關注可持續發展的專業，亦對相關議題產生興趣。而市場上也有許多教育課程或“ESG 認證”。如果您正在考慮開展相關可持續發展的職業，或者已經是該領域的從業人員，但又不知道哪種 ESG 培訓課程適合您，您可能遇到以下問題：

- 對於初學 ESG / 可持續發展專業人員來說，什麼樣的培訓課程會是合適的？
- 在日常 ESG 的工作中，真正需要哪些技能和知識？
- 在選擇 ESG 培訓課程時需要考慮哪些因素？

來加入我們的一小時專業分享活動，聽取不同行業及資深可持續發展從業人員的分享，他們將展示他們個人的 ESG 學習之旅以及不同的 ESG 專業培訓路線的區別。

40th Anniversary
INTERNATIONAL CHAMBER OF SUSTAINABLE DEVELOPMENT
立即報名!

esg@foe.org.hk (852) 3184 1518 (852) 5511 8480

In recent years, there has been a growing awareness and interest in the field of sustainable development. This heightened attention has led to the emergence of numerous educational courses and "ESG certifications" in the market. However, individuals often find themselves perplexed when it comes to selecting the most suitable qualification and training in this field. To address this issue, **Friends of the Earth (HK)** and the International Council for Sustainable Development (ICSD) collaborated to co-organise a webinar sharing session in July. The primary objective of this session was to provide participants with valuable insights into ESG education courses, enabling them to make more informed decisions regarding professional and recognised sustainable development qualifications and training. By attending this webinar, individuals gained a clearer understanding of the various options available to them and acquired the necessary knowledge to navigate the complex landscape of sustainable development education.

近年，可持續發展領域引起了廣泛的關注和興趣。市場上亦出現許多教育課程和「ESG 認證」。然而，許多人對如何選擇合適的資格或培訓感到困惑。有見及此，【香港地球之友】和國際可持續發展協進會 (ICSD) 於 7 月份聯合舉辦了一次網路研討會。此次研討會的主要目標是為參與者提供有關 ESG 教育課程的寶貴見解，使他們能夠做出更明智的決策，選擇專業認可的可持續發展資格和培訓。通過參加這次網路研討會，參加者可以更清楚地瞭解可供選擇的各種選項，並獲得了必要的知識，以應對複雜的可持續發展教育領域。

03 Green Finance Blog

Weekly Green Finance Blog 每週綠色金融網誌

In order to enhance public awareness of green finance, **Friends of the Earth (HK)** has taken the initiative to engage a team of esteemed ESG experts. These experts have been invited to contribute their knowledge and expertise by writing insightful articles on various aspects of green finance. These articles are regularly published on our dedicated Green Finance Blog, ensuring easy access for anyone interested in exploring the realm of green finance or the broader ESG industry. Furthermore, we make it a priority to share these articles on our social media platforms, thereby extending their reach to a wider audience.

Moreover, **Friends of the Earth (HK)** is committed to regularly updating and recommending green finance activities taking place in the Asia Pacific region through our social media channels. By disseminating news and information on noteworthy green finance initiatives from around the world, we strive to keep the public and industry practitioners informed and engaged.

為了提升公眾對綠色金融的認識，本會繼續邀請傑出的 ESG 專家團隊。這些顧問撰寫的文章涵蓋綠色金融各個方面的知識和專業見解。這些文章以每週發佈的形式，發佈在本會的綠色金融網誌專頁上，確保任何對研究綠色金融或更廣泛的 ESG 行業感興趣的人都能輕鬆獲取。此外，我們將這些文章分享於我們的社交媒體平台上，從而接觸更廣泛的受眾。

此外，本會致力於通過我們的社交媒體平台定期更新和推薦在亞太地區進行的綠色金融活動，我們希望讓公眾和行業從業員了解最新情況並參與其中。

Reclaim Climate And Blue Sky
40 Years We Made Strides

Together We Turn The Tide
Let Friends of the Earth (HK) Fly High!

Friends of the Earth (HK)'s "Tree Planting Challenge 2023" was a success! Thanks to the passionate support from our sponsoring organisations, we promoted AFCD's "Country Parks Plantation Enrichment Programme" and planted 3,100 native seedlings together along Yuen Tsuen Ancient Trail, Tai Lam Nature Trail, and Tsing Fai Tong Mountain Bike Trail at Tai Lam Country Park. We eagerly anticipate collaborating with everyone again next year to increase the ecological value, biodiversity, and sustainability of our country parks.

Planted over **3,100** native saplings in 2023
2023 年種植超過 **3,100** 棵原生品種樹苗

Tree Planting Challenge 2023 酷森林 2023

The Tree Planting Challenge is one of our flagship programmes aimed at enhancing the biodiversity and sustainability of forests in our country parks. Tree planting is also a direct way to gradually achieve carbon neutrality through decarbonisation. This year, we successfully planted 3,100 native saplings at Tai Lam Country Park. Since 2005, over 110,000 native saplings have been planted on the slopes of various country parks by more than 12,000 participants. Planting native saplings can increase the biodiversity and ecological value of the exotic plantations in country parks.

《酷森林 2023》植樹活動是【香港地球之友】每年重點項目之一。活動的主要目的是為了提升植林區的生物多樣性及可持續性，進一步透過植樹減碳，逐步達致碳中和。於整個年度，本會成功在大欖郊野公園種植了 3,100 棵原生品種樹苗。2005 年至今，超過 12,000 名參加者成功植樹，在各大郊野公園共種植了超過 110,000 棵原生品種樹苗，提升郊野公園內植林區的生物多樣性及生態價值。

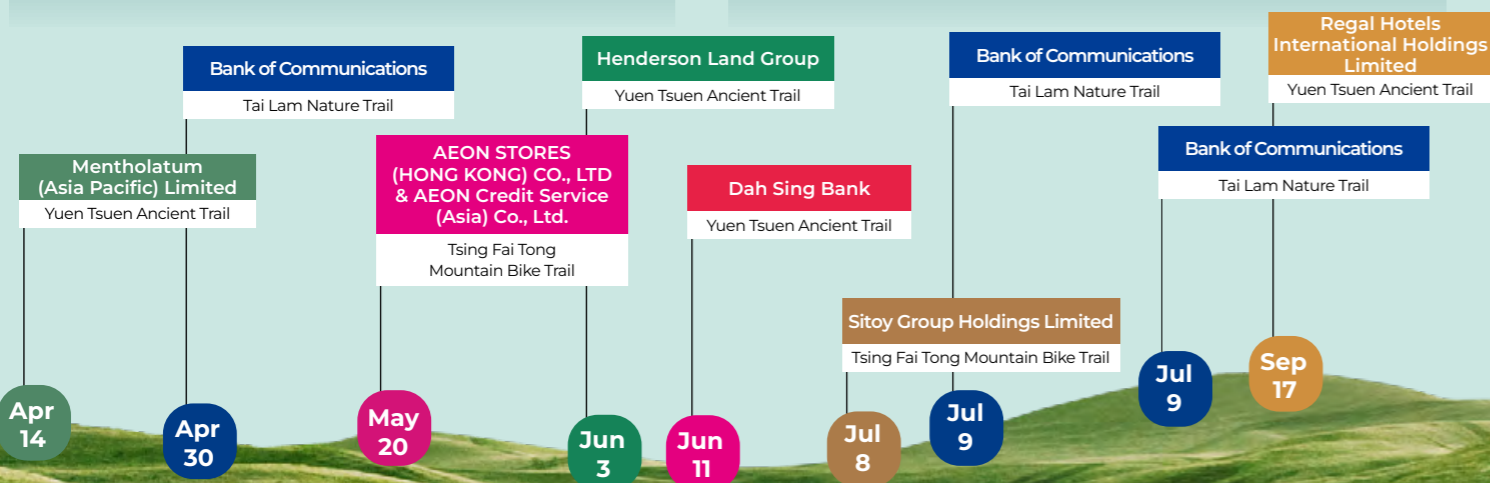

What native species do we plant? 我們種植哪些原產品種樹苗?

- *Antidesma bunius* 五月茶
- *Artocarpus hypargyreus* Hance 白桂木
- *Bridelia tomentosa* Blume 土蜜樹
- *Camellia crapnelliana* Tutch 紅皮糙果茶

Climate Tree Care 2023 綠林降碳 2023

“Climate Tree Care 2023” was successfully held with the objective of weeding, fertilising, and replanting. When native seedlings reach maturity, they will be able to provide food and shelter to native wildlife. In return, the biodiversity of the plantation sites can be properly enhanced. In November 2023, we organised three small-scale events with full support from various sponsors, arborists, athletes, and volunteers, caring for over 2,100 native tree seedlings.

《綠林降碳 2023》護林活動已順利舉行，活動的主要目的是透過對植林區進行除草、施肥或補種等保養工作，令原生樹種長大後可提供果實及其他資源給予野生動物，亦為它們提供合適的棲息地，藉此提升郊野公園植林區的生物多樣性。2023年11月，本會得到多個贊助企業、樹藝師、運動員及義工等全力支持，共舉辦了3次小型護林活動，為超過2,100棵原產品種樹苗進行護養工作。

CIRCULAR ECONOMY & WASTE RECYCLING 循環經濟及廢物回收

Friends of the Earth (HK) is committed to promoting the concepts of "resource reuse and recycling," "waste reduction," and "resource conservation", implementing the "Friends of the Earth (HK) Used Clothing Recycling Programme" and the "Toner and Ink Cartridge Recycling & Reuse Programme" in the community. We have established over 200 used clothing collection points throughout Hong Kong and collaborated with the Home Affairs Department to promote the "Community Used Clothes Recycling Bank Scheme" in the Hong Kong Island and Islands districts. From November 2022 to October 2023, we collected a total of 641 tonnes of clothing, with a year-to-year increase of 16.1%. In the "Toner and Ink Cartridge Recycling & Reuse Programme", we collected over 22,000 toner cartridges. The cartridges will be refurbished and refilled with ink for reuse or properly dismantled and processed by recyclers. We sincerely thank all citizens, housing estates, and organisations for their strong support and cooperation in our recycling initiatives; together we strengthen community resource circulation and practice green living.

【香港地球之友】在社區致力推廣「資源重用回收」、「減少廢物」和「珍惜資源」的理念。在社區推行「香港地球之友舊衣回收計劃」和「碳粉匣及墨盒回收再生計劃」。本會設有超過 200 多個舊衣回收點，分佈全港，亦與更與民政處合作推展「社區舊衣回收計劃」，負責港島及離島區的舊衣回收箱。本會於 2022 年 11 月至 2023 年 10 月期間，共回收 641 噸衣服，回收量按年上升 16.1%。其次，在「碳粉匣及墨盒回收再生計劃」中，共回收 22,000 多個碳粉盒。回收的墨盒被修復後將注入顏料再用或由資源回收商妥善拆解處理。感謝各市民、屋苑及機構對本會回收計劃的鼎力支持和合作，共同加強社區資源循環和實踐綠色生活。

Community Events 社區活動

The volume of used clothing recycling in Hong Kong has continued to rise. Through organising the "Swap 'n' Go Green" and Green Carnival, our organisation has assisted and promoted public participation in resource donation and recycling. We have also used games to advocate for the habits of "reducing waste and cherishing resources", while disseminating various green information. Furthermore, through clothing donation activities, we have facilitated the redistribution and reuse of social resources, giving a second life to the garments and reducing textile waste.

本港舊衣回收量持續上升，本會透過舉辦「惜物·換物」環保回收計劃和綠色社區同樂日，協助和推動市民進行資源捐贈及回收，並且以遊戲推廣「惜物減廢」的生活習慣和宣傳不同綠色資訊。此外，本會透過衣物捐贈活動，令社會資源得以分配及回收重用，賦予衣物第二生命，減少紡織品的浪費。

Clothes Donation Events 衣物捐贈活動

The Community Engagement Team has organised a total of seven clothing donation events this year. The clothes collected from the clothing recycling bins were carefully selected, sanitised, and subsequently re-donated to the underprivileged groups in society through collaborating with other local charitable organisations, such as the Yan Oi Tong, Caritas Hong Kong, Christian Canaan, and Hong Kong Christian Service.

社區拓展團隊在本年度共舉辦 7 次衣物捐贈活動，本會從舊衣回收箱收集得來的衣服，經過篩選和消毒後，會重新捐助給社會上的弱勢社群，包括與本會合作的本地慈善團體如仁愛堂、香港明愛、迦南堂及香港基督教服務處等。

Swap 'n' Go Green 「惜物·換物」環保回收計劃

Friends of the Earth (HK) has launched "Swap 'n' Go Green" to cater to the public's demand for used clothing recycling. Through a swapping model, we encourage citizens to actively participate. Over the past year, we have collaborated with various housing estates, organisations, and district councilors, such as the Yan Oi Tong and district councilors from the Eastern District and Kowloon City District, to hold 16 recycling events. Going forward, we will continue to organise more environmental recycling activities in the community.

本會推出「惜物·換物」環保回收計劃配合市民舊衣回收需求，透過以物換物的形式，鼓勵市民積極參與。過去一年，本會與不同屋苑，機構及區議員合作，如仁愛堂、東區及九龍城區議員合共舉辦 16 次回收活動，未來我們將持續在社區舉辦更多環保回收活動。

Corporate used clothes recycling programme 企業舊衣回收計劃

Friends of the Earth (HK) launched a Corporate Used Clothing Recycling Programme this year, setting up used clothing collection bins in companies to encourage employees to support clothes donation, enhance environmental awareness, and cultivate green habits. In this year, we have provided used clothing recycling services for a total of 20 companies, including SGS Hong Kong Limited, Hong Kong Productivity Council, and the Hospital Authority.

本會在本年度推出企業舊衣回收計劃，在企業設立舊衣回收桶，鼓勵企業員工支持衣服捐贈，增強對環保的重視，培養環保習慣。在本年度合共為 20 間企業提供舊衣回收，如香港通用檢測認證有限公司、香港生產力促進局和醫院管理局。

企業舊衣回收計劃

2020年紡織品於堆填區棄置量每日達 242公噸

捐贈舊衣物 支持香港地球之友環保工作

回收流程

- 1 企業向員工發出舊衣回收的呼籲
- 2 企業在指定地方和時間設置回收點
- 3 香港地球之友派員上門收集
- 4 整理好的衣物將轉贈有需要人士，所得收益將用作推動更多減廢工作

回收指引

- ✓ 衣物 / 鞋 / 手袋 / 頸巾 / 毛公仔
- ✗ 睡衣 / 內衣褲 / 制服 / 床上用品 / 襪

Green Carnival 綠色社區同樂日

Friends of the Earth (HK) promote various green information in the community through booth games held in different housing estates. By using interactive and engaging formats, we organised a total of four fun-filled events this year. Our aim is to encourage residents to adopt a more sustainable and low-carbon lifestyle and build a green community together.

本會在不同屋苑舉行攤位遊戲，以有趣互動的形式在社區推廣不同綠色資訊。本年度共舉辦 4 次同樂日，期望市民在日常實踐更低碳、更可持續的生活形式，共建綠色社區。

Environmental and Sustainable Development Education 環境及可持續發展教育

Sustainable Development School Outreach Programme 2022-2023 可持續發展學校外展計劃 2022-2023

Friends of the Earth (HK) participated in the "Sustainable Development School Outreach Programme 2022-2023" organised by the Environmental and Ecology Bureau, where we held lectures and workshops on environmentalism for various schools and institutions across Hong Kong. In total, we conducted environmental lectures, field trips, and workshops for 18 schools and 1 institution, reaching an audience of over 3,100 individuals.

本會參加由環境及生態局推行的「可持續發展學校外展計劃 2022-2023」，為全港不同學校及機構舉辦環保講座及工作坊。本會合共為 18 間學校及 1 間機構舉辦環保講座、實地考察及工作坊，受眾超過 3,100 人。

Friends of the Earth(HK) sustainability talks and workshops 香港地球之友可持續生活環保講座及工作坊

Sustainability Talks and Workshops

Friends of the Earth (HK) has launched the "Friends of the Earth (HK) Sustainable Development School Talks and Workshops". The five main lecture topics cover "Hong Kong Waste Management Strategies", "Hong Kong Renewable Energy Development", "Food Crisis", "Global Warming", and "Used Clothing Recycling". In addition, we also use innovative and interactive teaching methods to impart environmental knowledge, such as the coffee grounds mosquito coil workshop. Throughout the year, we conducted lectures and workshops for 16 schools, benefiting over 4,000 students and teachers.

本會在本年度推出「香港地球之友可持續生活環保講座及工作坊」，五大講座主題涵蓋「香港廢物管理策略」、「香港再生能源發展」、「糧食危機」、「全球暖化」和「舊衣回收」。此外，我們亦透過創新和互動教學教授環保知識，如咖啡渣蚊香工作坊。本年度共為 16 間學校，超過 4,000 名學生及老師舉辦講座及工作坊。

The Board of Governors and Head Office's Overview
董事局及總部概況

The Board of Governors consists of visionary green achievers and advocates who volunteer time and provide guidance and advice to empower **Friends of the Earth (HK)** to actualise its green vision and mission. In 2023, the Board of Governors consisted of 15 members, who met once every two months, with attendance of senior staff when required. As of October 31, 2023, **Friends of the Earth (HK)** had 15 full-time staff members. Throughout the year, employees were consistently offered opportunities to participate in various job-related skill and management courses to strengthen and enhance their skills.

【香港地球之友】之董事局成員以義務身份參與公益，服務社會，為本會出謀獻策，承諾竭力與員工團隊齊心保護環境。2023 年度董事局共有 15 位成員，每兩個月召開一次會議，管理層員工亦會按需要列席會議。截至 2023 年 10 月 31 日，本會共有 15 名全職員工，年內亦定時讓員工參與與各項工作相關的技能訓練及管理課程以提升員工能力。

local saplings

Replanting over 3,100 local saplings in Tai Lam Nature Trail, Yuen Tsuen Ancient Trail and Tsing Fai Tong Mountain Bike Trail 在大欖自然教育徑、元荃古道郊遊徑及清快塘越野單車徑重新種植逾 3,100 棵原生品種樹苗

Office electricity usage accounts for the bulk of **Friends of the Earth (HK)**'s carbon emission. From October 9, 2022 to November 8, 2023, We used 33,926 kWh of electricity, which is equivalent to 22,391 kg of carbon dioxide. **FoE (HK)** offset our own unavoidable carbon usage by replanting over 3,100 local saplings in Tai Lam Nature Trail, Yuen Tsuen Ancient Trail and Tsing Fai Tong Mountain Bike Trail during **FoE (HK)**'s annual "Tree Planting Challenge 2023". The activity also had the benefit of enriching local biodiversity. **FoE (HK)** encourages the public and corporations to continue to plant trees with its team. Together, we can reduce our carbon footprint in a concerted effort to alleviate climate change.

本會的碳排放主要來自辦公室用電。在 2022 年 10 月 9 日至 2023 年 11 月 8 日期間，本會的總用電量為 33,926 千瓦時，相當於 22,391 千克二氧化碳當量。為抵銷所產生的碳排放，本會於《酷森林 2023》活動中，在大欖自然教育徑、元荃古道郊遊徑及清快塘越野單車徑重新種植逾 3,100 棵原生品種樹苗，活動亦有助提升本地之生物多樣性。本會鼓勵公眾和企業繼續參與植樹活動，共同努力減碳，紓緩氣候變化。
